This means that  $W_{ij} = \overline{W_{ji}}$  for all  $i, j$ . This is a consequence of the fact that the *W*-matrix is the matrix of the bilinear form  $B$  with respect to the basis  $\{e_1, e_2\}$ . The bilinear form  $B$  is Hermitian, and this implies that the matrix of  $B$  with respect to any basis is Hermitian.

As already stated, I am dead July 14/10 and we received letters of administration in our capacity as Public Administrators, on Aug 2/10.

We sold this property to J. H. Hephurn, Calgary in 1910 and have filed assignment with the Bank of Montreal with an affidavit to the effect that Hephurn is eligible as a homesteader. Mr. Hephurn expects to go to the land in the early Spring.

Ottawa, 27th April, 1917.

Memorandum:

Mr. Moore.

Re B.C.L.-21-1-12-1-10 R.  
Pre-emption - William J. Moore  
(deceased).  
Entry granted 15th March, 1917.

This settler died on or about the 10th December, 1911, and Letters of Administration of his estate have been granted to the widow, Hannah Rachel Moore of Smeethers, Alberta.

Mrs. Moore made application for patent for this land on the 26th July, 1917, furnishing proof of the requisite settlement titles and ownership on the part of the estate of the patented homestead, the North East quarter of the same section. She did not apply for a Certificate of Recommendation. Payments not completed.

Mr. Cyril A. Coughlin, Barrister of Hanna, Alberta, Solicitor to the estate, in submitting Letters of Administration, intimates that Mrs. Moore desires to abandon the pre-emption entry of her late husband and secure the land as a homestead in her own name. She is eligible, being the mother of eleven children, some of whom are minors.

It would be in line with the practice of the Department to allow Mrs. Moore to abandon the entry in her capacity as personal representative of the estate and re-enter for the land as a homestead on the ordinary terms without completing payment of the instalments of principal and interest.

However, Mrs. Moore herself has written requesting to know whether she could abandon the entry in favour of her eldest son as she is getting old.

This is likewise permissible on the condition however that she completes payment of the instalments of principal and interest. It is assumed this obligation is a condition precedent to the issue of a homestead grant of letters patent in his favour.

If it is decided to allow abandonment either in favour of Mrs. Moore or her son, she will be advised as to the different circumstances which will obtain in that connection.

This was an improved somewhat when I acquired myself of its being re-opened for filing in April 1910, paying \$300 for improvements on it - viz for fencing & plowing land. As it is now more than 300 since my filing, I have been over sea's soldiering & so have been not able to fulfil the same residence duties, as the land has been cropped each year under direction of my brother, I beg to suggest that my duties have been adequately fulfilled, & so I request of Patent.

This Department has an old account against the above noted land for advances of seed grain to David Robson in 1920.

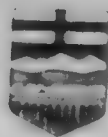

As we believe that this is Crown land we should like to be advised of its present standing and whether it is likely ever to be used again for farming purposes.

Re: Account of David Robson,  
N.W. 32-4-8-W.4th.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1920 David Robson obtained an advance of seed grain in the amount of \$61.50 on the security of the above noted unpatented quarter section. No payment has ever been made on this account and the indebtedness now stands:-

| <u>Principal</u> | <u>Interest</u> | <u>Total</u> |
|------------------|-----------------|--------------|
| \$ 61.50         | \$ 138.30       | \$ 199.80    |

The entry of David Robson was cancelled and patent issued to William Eugene Thiel in 1938 clear of all Federal charges. The whereabouts of the debtor is unknown and as there is no security for our account it is recommended that the indebtedness be cancelled.

## BOARD ORDER

11100

No. ....

September 25, 1952

Mr. J. V. Judge,  
Chairman,  
Food Grain and Relief Adjustment Board,  
Edmonton, Alberta.

Dear Sir:

Re: David Robson Estate  
W. 32-A-S-U.4th.  
Joint Relief Advances

The late David Robson applied for Joint Relief Advances and died before the actual delivery was made. Delivery of the commodities concerned was accepted by the estate on July 21st, 1950 in the amount of One hundred and seventy-seven dollars and twenty-one cents (\$177.21) as security for which a lien already created by the deceased was registered on the above land. The total value including accrued interest to December 31st, 1951 is five hundred and sixty-six dollars and eighty-six cents (\$566.86), no previous payment having been made.

The L.V. 32-A-S-U.4th was held by David Robson as a pre-emption entry which was cancelled following his death. W. K. Thiel filed on this quarter in his own right and presently holds title thereto. As David Robson's entry was cancelled this parcel does not represent a security for the above advances and the lien should be removed from the title thereto.

A young man was the beneficiary of the David Robson estate and W. K. Thiel purchased the L.V. 32-A-S-U.4th paying One thousand dollars (\$1,000.00) for this property, which was a very fair price in view of its location in one of the drier parts of the province, the township in which it is situated having been declared eligible for awards under the Prairie Farm Assistance Act in 7 years out of the 12 in which awards have been granted.

W. K. Thiel now finds it necessary to terminate his farming operations due to a heart condition and is proposing to sell his real estate and machinery. Although he will realize a fair sum from the sale he must provide for himself and wife from his own resources for the next 10 years before he will be eligible for old age pension. The sum of Four hundred dollars (\$400.00) has been tendered in full settlement of this account and this will represent recovery of the original advances together with slightly more than fifty percent (50%) of the accrued interest.

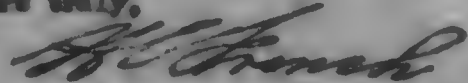

Cont'd

- 2 -

In view of the price paid for the quarter in question which is located in a territory where the municipality has been selling Tax Recovery land for five or six hundred dollars per quarter and the fact that the interested party must provide for his own future for some considerable time, it is my recommendation that the offer be accepted, the remaining balance be written off and the lien discharged.

Provincial Seed Grain Advances of sixty-one dollars and fifty cents (\$61.50) together with accrued interest have already been cancelled.

Yours truly,

---

Dear Sir,  
I am sorry that you had not  
received the letter from the  
Solicitor at the time  
writing me. That you may  
had one since. My case  
this way. I was appointed  
an engineer for the  
to run two gasoline  
engines well since they have  
been in my charge I have  
kept them in perfect  
condition, and they have never  
had anyone report that  
the town can trust with  
these engines so they also  
appointed me Town Marshall  
and now it is time for me

to go on my homestead. They told  
me to go, I put in my  
resignation on May - 15<sup>th</sup> 1859.  
but they said I mean the Loan  
Council that they would try  
and get my residence  
free on the homestead if I  
would stay in town. So it was  
arranged that I wrote to you  
saying I had about 35 acres  
of put in crop and I cannot  
afford to pay anyone to put  
that in if I am got to go  
on my place. I understand the  
council have since wrote to  
Brother Clark, M.P. respecting  
same. Thanking you very much  
and hoping you will give me a early  
reply in regard of the above —

MEMORANDUM

Prad. S. 7.  $\frac{1}{4}$  Section 23, Township 60, Range 1, West 5th Meridian, lying North of Pembina River and comprising 104.70 acres, shown hatched in blue on sketch beneath.

I beg to submit for consideration the letter beneath, from Mr. Samuel J. Weir, in which he asks to be permitted to obtain the above parcel as a proxy entry for his father, William Weir.

In February, 1912, Mr. E. A. Brabazon was advised that a sufficient area of the parcel under consideration would be added to his homestead the adjoining S. E.  $\frac{1}{4}$  of Section 22, to bring the area thereof up to 160 acres; and that he would be permitted to purchase the balance of the fraction at \$3.00 per acre, upon his relinquishing from his entry the 32.90 acres, lying South of River, (Your memorandum of the 8th February, 1912, beneath).

Mr. Brabazon has not yet relinquished the said 32.90 acres from his entry. He was written to regarding the matter in April last, and again on the 3rd ultimo, but, as yet, the Department has received no intimation of his intentions in the matter.

Under the circumstances, is Mr. Weir's application to receive consideration?

Dear Sir:

Re: S. T. -7-4-4- West 4th Meridian,  
Old Dominion Mine, Clarence, British Columbia.

In the year 1919 this party obtained an advance for said mine from the Dominion Government in a sum of one hundred and fourteen dollars (\$114.00) against which one small payment of one dollar and ninety cents (\$1.90) has been received leaving a balance outstanding as at the 30th of June, 1944 of one hundred and thirteen dollars and twenty-two cents (\$113.22).

As security for this advance a lien was filed as title to the above described land and constituted a first charge thereon although title now stands in the name of Henry White.

An application has now been made by Mr. Samuel Short, Barrister at Law, to the court in behalf of Mr. White for a compulsory settlement in respect of the indebtedness under this lien and a sum of one hundred and fifty dollars (\$150.00) tendered for this purpose.

It would appear that shortly after Mr. Hanchel received this assistance he sold the property to Mr. White and that transfer was issued to Mr. White in the year 1920. The purchase price was paid over to a Mr. Schenck of New Island and was apparently nothing for Mr. Hanchel and though Mr. Schenck proceeded to secure title in the name of Mr. White no action was taken towards the payment of the lien. Full records of the transaction are unfortunately not available as a fire destroyed Mr. Schenck's office and he died some years ago.

The property is assessed at only six hundred and eighty dollars (\$680.00) which it is felt probably represents the full value of the land situated as it is in a very arid district south-east of Medicine Hat. There seems to be some little doubt whether Mr. White should not have obtained a clear title and the lien paid out of the monies he paid for the land and, therefore, I am of the opinion that the offer now tendered represents a very fair settlement and I would recommend that it be accepted.

Yours very truly,

4. When did you come to this case, and make it a permanent time?

7. When necessary, the test must be performed as follows:

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The population of the United States has increased from about 100 million in 1900 to over 200 million in 1960. At the same time, the population of rural areas has decreased from about 100 million in 1900 to about 50 million in 1960. This has led to a concentration of the population in urban areas, which has had a number of important consequences. One of the most important is that it has led to a change in the way of life of the majority of the population. In rural areas, the population is more closely tied to the land and to the seasons. In urban areas, the population is more mobile and more independent of the seasons. This has led to a change in the way of life of the majority of the population, which is now more urban and more mobile. This has also led to a change in the way of life of the majority of the population, which is now more urban and more mobile. ## DECLARATION OF ABANDONMENT.

In the Matter of the South West Quarter of Section 44  
 Township 56 Range 12 W of the 4th Meridian  
 Homestead \_\_\_\_\_ Pre-empted 1919787

1. Francis A. Boileau

do solemnly declare:—

That I made entry for the above mentioned lands at the Dominion Lands Office at Edmonton on the 20th day of February 1909, and I now ask to have said entry cancelled, and be permitted to take up another homestead for the following reasons, namely:

Here state reasons:

(1) The above said homestead is only a fraction including ninety (90) acres altogether, for which I made an entry upon the recommendation by a friend who was saying it to be a good desirable land. — But I had never seen it by myself.

There state reasons why you are not desirous of taking up another homestead.

Afterwards, and since the 16th of June ultimo, when I went over that fraction of homestead, in order to start at breaking the land in compliance with the requirements of a letter dated "June 16/09" from the Department of the Interior, I made the successful discovery that the land is not desirable at all.

There state the reasons why you are not desirous of taking up another homestead.

More than 45 acres, out of the ninety acres, are not available for cultivation, being partly stony, partly sloughs or muskegs. Some neighbors assert that even 20 acres cannot be ploughed down.

That I have not received, directly or indirectly, nor have I been promised, nor do I expect to receive any consideration of any kind for allowing said entry to be cancelled.

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.
